

Field Life Advocate

Fields who have read, studied and learned the material found in the www.lifeequipglobal.org website and are using HopeSync to share hope, education and the Gospel with those considering abortion are called Field Life Advocates.

Life Equip Global makes it a point to partner and collaborate with Christian Fields and ministries. Since a Field Life Advocate is providing Christian ministry, the most important duty a Field Life Advocate has is to - lovingly and with respect - share the Gospel of Jesus Christ at every opportunity to those you serve. Training on how to share the Gospel, along with how to educate, equip and encourage clients, is provided by Life Equip Global.

A Field Life Advocate is equipped and prepared - using HopeSync Global - to assist anyone they run across in daily life or to respond to Field names they have received through Life Equip Global. After studying the Life Equip Global material and reviewing the Pregnancy Ministry Models they have decided that becoming an Field Life Advocate best fits their situation.

Field Life Advocates are not a part of Life Equip Global or a Pregnancy Center or Pregnancy Ministry. However, Field Life Advocates are encouraged to report their contacts with abortion-minded women - and the outcomes - to Life Equip Global. Life Equip Global will provide on-going encouragement to Field Life Advocates and will assist with education as necessary when helping abortion minded women.
