

## **Church-based Field Life Advocates**

Individuals who have read, studied and learned the material found in the [www.lifeequipglobal.org](http://www.lifeequipglobal.org) website and - as an outreach of their local church - are using HopeSync to share hope, education and the Gospel with those considering abortion are called Church-based Field Life Advocates.

Life Equip Global makes it a point to partner and collaborate with Christian individuals and ministries. Since an Church-based Field Life Advocate is providing Christian ministry, the most important duty an Church-based Field Life Advocate has is to - lovingly and with respect - share the Gospel of Jesus Christ at every opportunity with those you serve. Training on how to share the Gospel, along with how to educate, equip and encourage clients, is provided by Life Equip Global.

A Church-based Field Life Advocate is equipped and prepared - using HopeSync Global - to assist anyone in their church, anyone they run across in daily life or to assist people whose names they have received through Life Equip Global. After studying the Life Equip Global material and reviewing the Pregnancy Ministry Models they have decided that becoming a Church-based Field Life Advocate best fits their situation.

Church-based Field Life Advocates are a part of a local church and are encouraged to report their contacts with abortion-minded women - and the outcomes - to Life Equip Global. Life Equip Global will provide on-going encouragement to Church-based Life Advocates and will assist with education as necessary when helping abortion minded women.
