

## **Church-Based Pregnancy Ministry**

A Church-based Pregnancy Ministry (CBPM) is a Pregnancy Ministry program that is created as an outreach of an individual church.

Life Equip Global makes it a point to partner and collaborate with Christian individuals and ministries. Since a Church-Based Pregnancy Ministry is providing Christian ministry, the most important duty they have is to - lovingly and with respect - share the Gospel of Jesus Christ at every opportunity to those you serve. Training on how to share the Gospel, along with how to educate, equip and encourage clients, is provided by Life Equip Global.

The CBPC program is usually located on church property. The CBPC is supported by the individual church which provides the following:

- A ministry location
- Volunteers
- Prayer cover
- Equipment
- Finances for material

The CBPC may serve clients in the church sanctuary, in a dedicated office, or in some other location designated by the Church.

Life Equip Global will provide training to Life Advocates in a CBPM. Church Based Pregnancy Ministry leadership are encouraged to report their contacts with abortion-minded women - and the outcomes - to Life Equip Global. Life Equip Global will provide on-going encouragement to Church-based Life Advocates and will assist with education as necessary when helping abortion minded women.
