

## **Church-Based Pregnancy Center**

A Church-based Pregnancy Center (CBPC) is a Pregnancy Center that is created as an outreach of an individual church.

Life Equip Global makes it a point to partner and collaborate with Christian individuals and ministries. Since an Church-based Pregnancy Center is providing Christian ministry, the most important duty it has is to - lovingly and with respect - share the Gospel of Jesus Christ at every opportunity with those you serve. Training on how to share the Gospel, along with how to educate, equip and encourage clients, is provided by Life Equip Global.

The CPBC usually has its' own independent building or location that may be located on or off church property. The CBPC is supported by the individual church which provides the following:

- A ministry location
- Volunteers
- Prayer cover
- Equipment
- Finances for material and all other expenses

A Church-based Pregnancy Center will minister using Client Advocates. Clients are those individuals who have been accepted as clients after filling out proper paperwork that assures they qualify for the services the CBPC provides.

Life Equip Global will provide training to Client Advocates in a CBPC. Church Based Pregnancy Ministry leadership are encouraged to report their contacts with abortion-minded women - and the outcomes - to Life Equip Global. Life Equip Global will provide on-going encouragement, equipping and education to Church-based Pregnancy Center leadership.
